

Name _____

ANSWERING THE DISADVANTAGE

Word Bank

No Link No Uniqueness

No Internal Link No Impact

Link Turn Impact Turn

Internal Link Turn

FILL IN THE BLANKS:

1. The argument that the aff doesn't actually cause the link to happen is called _____.

2. An argument that says the status quo is the opposite of how the negative described it is called _____.

3. A _____ is the argument that the plan actually helps stop the link from happening.

4. Saying _____ against a DA means the affirmative team says the impact won't happen.

5. Saying that the internal link of the DA is bogus is a _____ argument.

6. An _____ says that the impact of the DA should happen because it's a good thing.

7. The argument that the internal link to the DA doesn't lead to the impact but to a better outcome is called an _____.

ESSAY:

Out of the arguments you listed on the left, what are two arguments that should not be made together? Why?

What would happen if you read only a "No Uniqueness" argument and a "Link Turn" argument? How would that mess with the Negative Strategy?
